## MEETING OF MINERS.

One Is Called In Columbus, O.,  
Next Tuesday, June 19.

## VERY IMPORTANT BUSINESS.

Unless the Compromise Scale Is Accepted  
by the Miners the National Officers  
Will Resign—The Adams Movement  
Assuming Formidable Proportions—But  
Poor Prospects For a Settlement.

COLUMBUS, O., June 15.—President A. A. Adams of the Ohio Miners' association (District No. 6) issued a call yesterday for a meeting of the miners in Columbus Tuesday, June 19. He asks the miners to select their best men to represent them, as business of vast importance will have to be acted upon.

Secretary McBryde of the National Miners' organization states that unless the compromise is accepted by the miners, that a general meeting will be called, at which the national officers will tender their resignations. McBryde gives it as his opinion that unless the Ohio miners accept the agreement they will be compelled to go back to work at 40 cents a ton instead of 60. The national officers formerly treated Adams and his theories with contempt, but since he has so strong a following and endorsement of his course on the agreement, he is recognized as a formidable factor.

President McBryde recognizes the importance of giving the Adams movement a more than passing attention. Adams yesterday telegraphed J. W. Murray, vice president of the Illinois miners, that the executive board signed over his head, that the men would not accept the compromise, and asking him to stand firm. Murray at the recent meeting refused with Adams to sign the scale. The harmony of action between these two, together with the fact that the miners are following Adams, holding meetings and demanding the resignation of the national officers, leads to the conclusion that Adams is getting in line to fill McBryde's place, should the latter resign. McBryde claims that the action of the executive board in signing the scale was in accord with the views of the district presidents, of whom Adams was one.

### OFFICIALLY NOTIFIED.

Indiana Miners Will Vote on Accepting  
the Columbus Compromise.

COLUMBUS, O., June 15.—The miners have received the official report of the Columbus convention. A meeting has been called when a vote will be taken as to the advisability of accepting the scale. The miners are exceedingly dissatisfied, and it is thought the scale will be rejected.

Vice President P. H. Penna is in the city, and will attend the meeting and endeavor to induce the men to accept the scale. Mr. Penna said the scale was the very best that could be gotten for the miners. Other laborers had been reduced 49 per cent, where the miners have only been reduced 19 per cent. One miner informed Mr. Penna that McBryde and Dunkley would be asked to resign, to which Mr. Penna replied that all of the officials had already tendered their resignations.

### National Officers Roundly Scored.

CARNEGIE, Pa., June 15.—A mass-meeting of the miners of the Panhandle district was held here yesterday to consider the Columbus compromise. About 2,000 men were present, and after a number of heated speeches, in which the national officers were roundly scored, a resolution was almost unanimously adopted declaring for the scale. Delegates from the pits represented were elected to attend the Pittsburgh general convention, and were instructed to vote in the same way there.

### No Settlement in the Indian Territory.

SOUTH MACALESTER, I. T., June 15.—The leaders in the strike movement say the settlement at Columbus in no way affects the Indian Territory. The operators do not expect the men to go to work soon, but believe they will gradually accede to the agreement, although it may be several weeks before they do so. There is a great deal of suffering among the families of the miners for the necessities of life, and unless work is soon resumed serious trouble will ensue.

### Delegates Sent to Springfield.

DANVILLE, Ill., June 15.—At a meeting of the Danville local order of the United Mine Workers yesterday afternoon, they repudiated the Columbus settlement, and elected a delegate to the Springfield meeting Saturday. The Danville local includes the Consolidated mines in this vicinity, excepting Mission Field. Glenburg, Kellyville, Grape Creek and Farmington unions will also send delegates to Springfield. Mission Field men went to work yesterday.

### These Miners Will Stay Out.

IRONTON, O., June 15.—The miners of this county held a mass-meeting at Old Maidsville and decided to stay out until their old wages were restored. The miners here went out on a sympathy strike when they were getting 70 cents, and as a result the operators refuse to pay only the scale price, 60 cents. Local industries are drawing their coal from the Peach Orchard (Ky.) mines. The electric light plant has arranged to burn oil.

### No Agreement in Kentucky.

DANVILLE, Ky., June 15.—A meeting of miners and operators from the 14 mines in the Laurel county district was held at Pittsburg yesterday afternoon, and resulted in a disagreement. The operators demanded a settlement on the basis of the Columbus agreement, but the miners insisted on the old scale,

which is 10 cents a ton higher. The miners also asked a 20 per cent reduction in the rent of their houses.

### The Wabash Has Coal.

WABASH, Ind., June 15.—The Wabash railroad, which has been running its local freight trains every other day only, will next week begin running them every day, the company having secured an abundance of fuel for use on its locomotives. Much freight, which has been delayed at terminals, is now being moved promptly, and no further trouble is anticipated from the mining strikes.

### Miners Going to Work.

OWENSBORO, Ky., June 15.—Striking miners at Troy and Cannelton, Ind., resumed work yesterday. Other miners in this section, numbering about 3,000, will go to work Monday.

### DESPERATE FROM HUNGER.

A Man Kills His Wife and Son and Then  
Takes His Own Life.

BORDEN, Ind., June 15.—The bodies of the three people found near this place yesterday prove to be those of George Brock, aged 45; his wife, Lizzie, about the same age, and their son, William, aged 7. Brock had become desperate from poverty and hunger, brought on by enforced idleness.

As near as can be ascertained, the crimes were committed Monday night about 9 o'clock. The bodies were found inside of a rude pen that Brock had built to keep the hogs from devouring them. They were badly decomposed, and had been lying there over two days, and the heads of the woman and boy were covered with sacks. The fact that the pen had been built during Monday showed that the man had planned the crime and carefully thought it out beforehand. The lives were all taken with a double-barreled shotgun, borrowed from Brock's brother-in-law, William Berkeley, of Borden.

During the evening Brock persuaded his wife and the 7-year-old son to leave the house with him on the pretext of going to call on the mother of Mrs. Brock, who lives a short distance away. When they neared the hollow where Brock had erected the pen he shot and killed his wife and son with the gun he carried, and then dragged the bodies inside the pen. There were evidences of a struggle between the husband and wife before Brock killed her.

After covering the heads of his two victims with sacks Brock lay down on the ground beside the body of his wife. By the aid of a wagon spoke he touched off the gun. His head was blown entirely off and was found some distance away. The discovery of the bodies was made by the elder sons of Brock, who had been searching for them since Monday night.

The horror has created a profound sensation, as it is one of the most sensational crimes that has ever taken place in southern Indiana.

### FIRE AND FIGHT.

Startling News From China and Japan  
Brought by the Steamer Kokoi.

VANCOUVER, B. C., June 15.—The steamer Kokoi, from China and Japan, brings further particulars of the recent fire at Yamagata. The fire broke out at 1 p. m., Saturday, the 26th, and burned until 11 o'clock at night. A strong breeze caused the flames to spread rapidly, and no less than 1,200 houses were reduced to ashes and 48 others were badly damaged. The post telegraph office was among the destroyed. Thirteen persons were reported killed and 29 injured.

The steamer also brings an account of a sanguinary fight with pirates, as reported from Canton.

A gang of pirates, who were able to master a squadron of eight junks, planned to attack a walled village named Kiangtsung. The villagers, however, learning of their intentions, procured the assistance of a number of Yamen runners and soldiers, so that when the pirates arrived they were confronted by a force of 400 or 500. They were surrounded and cut off, and the junk invaders fought desperately, but 32 were killed and three captured alive, while three of their vessels were seized and many pirates drowned in trying to escape to the rest of the squadron. Eight of the villagers were wounded, one mortally.

### BUFFALO TRAGEDY.

Prominent Democratic Politician Shot and  
Killed in His Own Room.

BUFFALO, June 15.—Last night shortly after 6 o'clock, William Delaney, ex-city clerk, one of the best known Democratic politicians in Buffalo, was shot and killed in his room in the Ribble building, on Main street.

The affair remained a mystery for several hours, as Delaney died without having made any statement, but about midnight George A. Bartholomew, a tallyman at the Ontario elevator, walked into police station No. 1 and told Captain Taylor that he was the man who killed Delaney and that he wanted to give himself up. He said that Delaney had been intimate with his wife, and that he had gone to his room with the express intention of killing him. He refused to say anything more until he had consulted with a lawyer.

The police will not say whether Mrs. Bartholomew was in Delaney's room at the time he was shot. They refuse also to give the name of the woman who was with Bartholomew when he went to Delaney's rooms and committed the murder.

ENGLEWOOD, N. J., June 15.—William Walter Phelps will probably die within a few hours. His state of coma is now deeper than it has been at any time since he became unconscious. All of the members of his family, with the exception of the Baroness Von Rottenburg, his daughter, are at the bedside of the dying man.

## AN AWFUL CASUALTY.

Thirty-Five Persons Drowned  
Off Ireland's Coast.

## PASSENGER BOAT CAPSIZED.

One Hundred and Ten People on Board  
the Boat at the Time of the Disaster.  
Thirty Bodies Have Been Recovered.  
The Victims Were Young People of  
Both Sexes.

CASTLEBAR ISLAND, Ireland, June 15.—A dispatch from Westport quay, about 11 miles from this city, announces a terrible disaster to a party of harvesters who were on their way to Scotland. A passenger boat returning to Westport quay, from Achill island, having on board 110 harvesters, who were to be shipped to Scotland from Westport, capsized off Annagh Head and thirty-five people drowned. Thirty of the bodies have been recovered.

All the victims were young people and were of both sexes. They were inhabitants of Achill island, and depended for a livelihood upon the scanty earnings they could make in England and Scotland, to which countries they were accustomed to migrate every year.

The boat which capsized was much overcrowded, the people, in their haste to catch the Glasgow boat from Westport, having little regard for their safety.

The disaster was due to an attempt to turn the boat without lowering the sail. Most of the victims were kept under water by the sails, which were fully set when the vessel went over.

As soon as the accident happened boats from the steamer Elm, lying near, went out to the rescue, and 15 of the harvesters were taken out of the water. Some of them were unconscious, but revived after restoratives had been administered.

It is believed that the bodies of the few persons missing will be found in the hold of the ill-fated vessel.

A local committee has been formed to raise a fund for the burial of the victims and the assistance of their relatives.

### ENTIRE FAMILY DEAD.

A New Jersey Man Murders His Wife and  
Three Children and Suicides.

CAMDEN, N. J., June 15.—At Cramer hill, a small village on the outskirts of Camden, some time yesterday morning, Johann Kauffmann arose from his bed and with some sharp instrument, probably a razor, cut the throats of his wife and three children. Then washing the blood from his person, he dressed himself neatly and committed suicide by hanging. Late in the afternoon the five dead bodies were found.

The family consisted of father and mother, a baby girl about 1 month old, and boy twins. Kauffmann was very poor, and his failure to secure a permanent position and consequent suffering from the actual necessities of life probably caused insanity. He was about 50 years of age, but his wife was not over 22.

### Prize Fight in New Orleans.

NEW ORLEANS, June 15.—Johnny Connors of Springfield, Ill., defeated Jack Levy, the Englishman, before the Olympic club, in five rounds last night. The match was a 25-round boxing contest for a purse of \$1,800. Connors is very strong for a luncheon-pounder, and started in to make the battle a fast one, Levy, instead of showing his usual science, accepted the challenge and got the worst of it. Connors landed early on ear, nose and eye, closing the latter and put Levy at a disadvantage. The latter was never in it, except during a brief rally in the third round. Levy kept growing weaker rapidly, and in the fifth round a vicious uppercut on the point of the jaw put him to sleep in short order. Connors will fight Barry, who conquered Gorman, in a few weeks to settle the championship in his class.

### Expected a Lynching.

OMAHA, June 15.—Several thousand people congregated about the courthouse square last night and waited three or four hours, in hopes of seeing another negro lynched. Sam Payne had confessed to the murder of Maude Kubel, and in police court had pleaded guilty to the charge of murder. Rumors of the intention of a mob to lynch the negro were rife all afternoon. When the negro was turned over to Sheriff Drexel he was immediately taken to Lincoln and placed in the penitentiary for safety. Chief Seavey sent a strong force of police to the courthouse square, and these had little difficulty in preserving order among what seemed mainly a mob of curious watchers.

### Wholesale Grocer Assigns.

FORT WAYNE, June 15.—Late yesterday afternoon A. C. Trentman, the largest wholesale grocer in northern Indiana, made an assignment in favor of his creditors with Louis Goeke as trustee. It has been known for several weeks that the establishment was in hard straits, but it was hoped that it would be able to pull through. The liabilities are between \$70,000 and \$100,000, and the assets will probably equal them. The firm has been in existence for more than a quarter of a century, and many small business houses in this section of the state have been carried by them. Many of them will undoubtedly be forced to the wall.

### Typewriters Destroyed.

BRIDGEPORT, Conn., June 14.—Fire was discovered in the cellar of the Connecticut Bank building, one of the largest blocks on Main street, Wednesday. The greatest loss is to Miller & Martin, agents for the Franklin typewriter, who placed 1,000 machines, valued at \$10,000, in the cellar in the morning. They had no insurance.

### PAXTON'S CONFESSION.

The Man Who Married Breckinridge  
Talks Sensationally.

NEW YORK, June 14.—Rev. Dr. John R. Paxton, who resigned from the pastorate of the West Presbyterian church, has returned from Pittsburg, where he has spent most of his time since last November. He is apparently recovered from the nervous troubles which affected his health last summer. He said he would probably never preach again. He expects to have to pay \$10 fine for failure to report his marriage of Colonel W. C. P. Breckinridge to Mrs. Wing. He said:

"When I married the colonel, whom I had known as a friend, I was asked not to make the matter public for three months, for the sake of quietness and on account of the children of the colonel's first wife. I did not know anything about the Pollard matter then. I promised to do as they desired. Of course, when that woman was heard of I decided not to have anything to do with the matter."

"I intend to apply to the presbytery," said Dr. Paxton, "to deny me from pastoral work. I am more of a soldier, anyway, than I am a preacher. Now I am simply an onlooker in the field. I see a spirit of unrest everywhere. Look at this Coxyism and Galvinism. Neither capital nor labor has made any money for two years. There are too many mouths to feed."

"In Pittsburg, where I have been, there are three men to every place. There are more steel rails than can be used in six years. There are more horse-shoes than there are horses to wear them. War or pestilence is the only remedy for us. Sweep 2,000,000 of us off the face of the earth. That's China—that's the only remedy. Why, we are all wrong in our civilized ideas of mercy and kindness. We nurse criminals in hospitals and asylums, we nurse criminals in penitentiaries. The Lacedaemonians used to exterminate them. It's a good way, too."

### BUSINESS BUILDINGS BURNED.

Quarter of a Million Fire in New York—No  
Lives Lost.

NEW YORK, June 14.—Fire destroyed one-third of the block of business buildings bounded by Broadway, Pearl, Elm and Duane streets Thursday forenoon. Nothing of the large stock of goods was saved. The buildings were gutted, some walls fell and for a long time the firemen could not make any impression on the flames which had combustible material to feed on. Damage estimated at \$3,500,000 was caused.

The fire began, really, in the center of the group of buildings, which lie in the form of a slanted T, with the foot on Elm street and the wings on Duane and Pearl streets. Vernon Brothers, the principal losers, owned their 3-story building on Duane street at 65, which is one top of the T, but they rented basements and the Elm street buildings, and all were in communication by passages and doors.

Paper was the stock in trade also of Koch, Sons & Company, whose building formed the top of the T, emerging at 545 on that street. They occupied the two lower stories of that building and floors in adjoining buildings, where they employed nearly 50 girls in making blank books, albums, etc.

Fortunately the hour was early and few of the girls had arrived. Those who did got out safely. Among the principal losers by the fire are: Vernon Brothers & Company, paper box manufacturers; American Belgium Light company; Julius Berbecker & Company, upholsterers, hardware; Koch Sons; Moss Engraving company. The only new structure in the burned portion of the block was the handsome business building owned by the Faber Pencil company.

### Resisted Arrest.

HUNTINGTON, W. V., June 15.—Shortly before 8 o'clock last night a shooting affray occurred at Guyandotte, two miles east of here. A contingent of commonwealers, under General Sullivan, had passed through this city under a police escort, and were left at that place, where the authorities of the small town were given much trouble. Marshal Owens asked them to keep quiet, and upon refusing to do so, went to arrest the leader, when Charles Fry, a local tough, interfered and wanted to fight the officer. He pulled a revolver upon him when ordered under arrest and the marshal shot him fatally in the left side.

### Died on His Bridal Night.

NEW ULM, Minn., June 14.—Hermin Woratsche, a young and wealthy farmer who was married Tuesday to a popular young lady of Lafayette, was taken suddenly ill the night of his marriage, and it soon developed that he was suffering from blood poisoning. It seems that he had an ugly pimple on his lip previous to his wedding day, and, anxious to present the best appearance on that day, he went to a surgeon in this city and had him remove the sore. He was brought to the hospital, and died after enduring great pain.

### Fought to a Finish.

PITTSBURG, June 15.—Jerry Marshall, champion lightweight of Australia, and Teddy Glenn of England, fought to a finish last night for \$500 a side, on a boat in the Ohio river, just below the city. Marshall knocked Glenn out in the sixth round with a blow over the heart. Marshall's backers challenge the world—Dixon preferred—for \$5,000 a side, at 120 pounds.

### Convict Shot While Attempting to Escape.

CANON CITY, Colo., June 15.—A convict named Frank Robinson escaped from one of the gangs of men working on the state ditch yesterday and started over the hills, jumping from rock to rock in his effort to get away. One of the guards called on him to stop and, refusing to do so, the guard fired, killing him instantly.

## MOVING THE MILITIA.

One Outbreak of the Miners  
Follows Another.

## RIOTING AT SHERRODSVILLE.

Ten Carloads of Soldiers Now En Route  
to That Place—A Few Coal Trains  
Moved, but Not Without a Heavy  
Military Guard—Critical State of Affairs  
in Alabama.

MASSILLON, O., June 15.—The attitude of the Sherrodsville miners grows more menacing, and 10 carloads of soldiers are now en route to that point on the Wheeling and Lake Erie road, on a special train.

The miners followed the successful burning of two bridges at Fuller's mine by setting fire twice to the railway station and to a small trestle.

These fires were put out by the several bridge repair crews, and while they were so engaged the miners started another fire under a string of empty boxcars. They were defiant and intemperate, and General Manager Blair, who has not asked for protection up to this time, made a demand upon the sheriff of Carroll county. He in turn asked the governor for troops.

For the first time since the burning of the Midvale bridge the Cleveland, Lorain and Wheeling road has begun to move more coal. Every train carries a detachment of soldiers, whose muskets are cocked and ready for action.

### TROUBLE IN ALABAMA.

Several Bridges Set on Fire and a Demand  
Made For Soldiers.

BIRMINGHAM, Ala., June 15.—Late last night, near Coalburg, a mob of armed strikers attempted to set fire to the Georgia Pacific bridge and were fired upon by guards and driven off. A few minutes later the mob went to another bridge, 300 yards away, saturated it with oil, and applied the torch within sight of the guards. The fire was extinguished before the bridge was entirely destroyed.

On the same road, near Parrish, another mob was found placing dynamite under the foundations of a bridge to blow it up, when the guards opened fire on them, driving them off.

As the Georgia Pacific is being operated by a receiver appointed by the federal court, Superintendent Ryder has applied to Judge Bruce for government protection of the road's property. Judge Bruce issued an order for the United States marshal to take steps at once to protect the property from further depredations, and government troops will be called out if necessary. All the railroads are still maintaining heavy guard forces along their lines.

### EXPLOSION OF DYNAMITE.

Three Men Instantly Killed and Three  
Other Dangerously Wounded.

COTEAU DU LAC, Que., June 15.—Three men were killed and three others dangerously wounded by the premature explosion of dynamite used for the purpose of blasting rocks in Section No. 11, of the Soulanges canal. The names of the killed are: Patrick Drohan, aged 40, leaves a wife and eight children; Roby MacDonald, aged 35, unmarried; and James Scanlan, aged 22, unmarried.

The injured are: Thomas Costello, James Kelly and W. W. Hurlbut. It is not thought their injuries will prove fatal.

The cause of the explosion is unknown.

### Hanged on Suspicion.

MONROE, La., June 15.—Last night fires were discovered in two vacant houses. Bloodhounds were put on the trail of the party who had done the work. After making a circuitous route they went to the house of a white man named J. H. Day, a party who has been strongly suspected of having done such work before. Circumstantial evidence pointed conclusively to him as having been the incendiary. Day was arrested and put in jail. Later in the night he was taken out and hanged to the limb of a tree.

### War Predicted in Morocco.

MADRID, June 15.—Dr. Avilo, who for a long time was physician to the late Sultan of Morocco, in an interview here declared that the new sultan, Abdul Aziz, would certainly decline to fulfill the treaty with Spain arising out of the Melilla affair. The death of the sultan would be a signal for bloodshed and vengeance in Morocco city. Murder and pillage were already rife, and the Jews, knowing from experiments that they will be a special object of attack, were hiding themselves and their treasures.

### Congressman Bretz Renominated.

MITCHELL, Ind., June 15.—The Democrats of this, the second congressional district, met here in delegate convention yesterday afternoon to nominate a candidate for congress, a majority of the delegates having previously been instructed to vote for Hon. John L. Bretz, the present member in congress, from this district. His nomination was made by acclamation.

### Dalton's Stolen Money Identified.

ARDMORE, I. T., June 14.—The officers of the looted bank at Longview have identified the greater portion of the money, \$850, which Mrs. Dalton had in her valise at the Wallace home, as that stolen from them at the time of the robbery. Dalton's remains are still here.

### Jerry Simpson Improving.

WASHINGTON, June 15.—Representative Jerry Simpson is steadily improving at Berkeley Springs, W. Va., and it is thought he may be able to return to Washington soon.

## JOHN G. BLAIR.

The Nicholas County Populist Nominated For Congress by the People's Party.

The People's party met at Vanceburg yesterday and the convention was called to order by District Chairman Wm. Luttrell at 11 o'clock a. m. Dr. R. H. Yantis, of Fleming, was elected Chairman and J. S. Mavity, of Lewis, Secretary.

On motion, the Chair appointed a Committee on Platform, as follows: William Bantin, Nicholas; Jas. M. Sousley, Fleming; Jos. Carder, Bracken; Dr. Peck, Mason; B. F. Freeman, Lewis, and Chas. Payne, Lawrence. On motion the convention adjourned to meet again at 1 o'clock p. m.

On re-assembling the Committee on Platform made the following report:

WHEREAS, The gradual usurpation of the functions of government by the capitalist class has grown to such proportions as to excite apprehension and alarm; the question gravely presents itself to the consideration of every patriotic citizen to devise some avenue of escape from the oppressive laws foisted upon the people by corrupt officials and unscrupulous demagogues. This Republic can not live under the present conditions and their tendencies. The Republican party is no longer republican and the Democratic party is no longer democratic. The former is preeminently the most dangerous and thoroughly corrupt political organization that ever permeated American politics. Its tendencies are toward imperialism which portends to centralization of power and the utter annihilation of every fundamental principle of popular government. It stands out boldly for an aristocracy which means the subjugation of individual rights and the final enthronement of royalty and oligarchy. The late emulated and defunct Democratic party has been since the days of reconstruction a fault-finding misnomer. Its pretensions have been one thing and conduct another. Its theory one thing and practice another. It holds no principle to-day which it did not assail yesterday. It denounced nothing last year which it has not defended this. The Democrats of 1892 were merely Republicans out of office, and Republicans of 1894 are merely Democrats out of office. The two parties have proven to the world that they are synonymous in act, word and deed. They both stand amenable to the edicts of the money power which has made its home in the Nation's capital, impoverishing the people by degrees through bribery and debauchery till it has multiplied the burdens of all debts; depreciated the values of all property; paralyzed the industries of 70,000,000 people; gorged the Nation's highways with half starved citizen beggars and filled the land with the portentous murmurings of a coming revolution. We, therefore, invite the co-operation of all classes and creeds, trades and professions, to join with us in our effort to restore to the people a government in keeping with the spirit of our forefathers—the framers of our Constitution.

Resolved, That we renew our pledges to the principles enunciated by the Omaha convention. We demand the abolition of the National banking system, the free coinage of silver at a ratio of 16 to 1, Government loans on real estate at an interest rate not to exceed two per cent. annum; an income tax; Government control of railroads and Government ownership of the telegraph, telephone and all other means of communication; laws prohibiting further emigration of pauper labor; a more rigid enforcement of the contract labor emigration laws, and the speedy passage of a law by Congress that will prohibit gambling in all kinds of agricultural products.

Resolved, That the wretched condition of the laboring classes appeals to the sympathy of all fair minded men, and we demand the enactment and rigid enforcement of laws which will bring into subjection the rapacious greed of trusts, monopolies and corporations.

After the reading and adoption of the platform, nominations were declared in order. L. W. Young presented the name of John G. Blair, of Nicholas, in a few well chosen and appropriate remarks. Mr. Blair's nomination was seconded by speeches from J. M. Sousley, of Fleming, James Carder, of Bracken, and Thos. Payne, of Lawrence. There being no other nominations, Mr. Blair was declared the choice of the convention by acclamation. After speeches from Blair and others the convention adjourned.

## Kentucky's Next Governor.

"By the way, on the subject of Kentucky politics, a member of the last Legislature, from the interior of the State, had something interesting to say to a group of friends at the Emery Hotel.

"Cassius M. Clay will never be the Governor of Kentucky," was the way he put it.

"Why not?" some one inquired.

"Because he is backed by John Young Brown, and that's a weight that no man in Kentucky can carry and win. Clay would be a very strong candidate with the stalwart Democracy if it were not for the fact that his support comes from the faction which has done more to disintegrate the party than any other element in Kentucky politics since the war."

"And who will be the nominee?"

"Why, Wat Hardin, of course. These Covington Democrats usually know how to pick the winner, and it is a significant fact that nearly all the border counties on the Ohio river are solid for General Hardin."—Cincinnati Tribune.

## CLASS OF '94.

### Three Pupils Awarded Diplomas at the High School Commencement.

### A Large Crowd Witness the Exercises at the Opera House Last Evening—The Music.

"To prepare us for complete living is the function which education has to discharge."

All thoughtful people realize the truth of this sentence from Herbert Spencer. If education, therefore, is to prepare us for complete living, the public schools of every community should be its especial pride. In this land of the free and home of the brave, where the child of the humblest birth may be exalted to the highest station, popular education—the education of the masses—should inspire the greatest efforts and the most zealous care of all in authority.

That the people of Maysville are proud of her free institutions of learning was evident from the large attendance at the opera house last evening, on the occasion of the annual commencement of the High School. Notwithstanding the sweltering heat, nearly the entire seating capacity of the house was occupied.

The stage was modestly but neatly decorated. The three graduates, Misses Bland and Luman and Mr. Sulser, occupied seats in the center, with the faithful teachers by their side, Professor Rowland on their right and Miss Gordon on their left. The members of the Board of Education occupied seats to the rear.

Following was the programme:

Chorus.....School  
Invocation.....Rev. D. P. Holt  
"First Installation of the Ollapodrida,"  
Miss Elizabeth Bland.  
"La Sevilla".....Dessauer  
Mrs. Manie Hissam DeMoss.  
"We Have Launched Our Bark, but Where the Shore?"  
Alexander Gordon Sulser.  
"Waltz Song from the Sea King".....Stahl  
Mrs. DeMoss.  
"Second Installation of the Ollapodrida,"  
Miss Mary Maud Luman.  
"A Summer Night".....Thomas  
Mrs. DeMoss.

Presentation of Diplomas by Chairman of Board of Education.  
"I Am Thine Forever".....Schlesinger  
Accompanist, Miss Stella DeMoss, Cincinnati, O.

The President of the Board of Education, Mr. W. H. Wadsworth, was unexpectedly called out of the city yesterday and the Secretary of the Board, Mr. George T. Hunter, delivered the diplomas, which he did very gracefully. He said our free schools were second only to our religious institutions, and should receive the fostering care of every good citizen. His remarks to the class were timely and full of good advice. After delivering the diplomas, he announced the names of the pupils of the intermediate department who had won the medals for scholarship—Misses Amanda B. Bramel and Violet Graham.

The graduates acquitted themselves in a highly creditable manner and would reflect honor on any High School in the land. Mr. Sulser is a son of Mr. and Mrs. George W. Sulser. His address was not only well worded but was well delivered. The two installments of the Ollapodrida by Misses Bland and Luman gave variety and spice to the exercises, and were an enjoyable innovation contrasted with the usual dry essays on such occasions. Miss Bland is a daughter of Mr. and Mrs. R. C. Bland, of the county, while Miss Luman is a daughter of Mr. and Mrs. Thomas M. Luman, of this city.

The music by Mrs. DeMoss, of Cincinnati, was, indeed, an enjoyable feature of the programme. Her sweet voice won her a warm place at once in the hearts of the audience. Every number was encores but she did not respond until the last when she sang "My Old Kentucky Home."

## THE TURNER-BROWNING NUPTIALS.

### A Missourian Wins One of Mason's Lovely Daughters For His Bonny Bride

The old town of Mayslick has again been enlivened by the ringing of wedding bells. On Wednesday, June 13th, Miss Emma, the handsome daughter of Dr. and Mrs. L. Y. Browning, was united in marriage to Mr. William N. Turner, of Canton, Mo.

Miss Emma is well and widely known for her beauty and gentleness, and Mayslick seldom, if ever, gave away a more accomplished bride, or one more worthy of a good man's love and affection. Mr. Turner is a young man of commanding appearance, and is prominent in business, in social and church circles in the place of his nativity.

The attendants were Mr. Wood Browning, brother of bride, and Miss Rodgers, of Bath County. Ushers, Messrs. James Pyles and Samuel Vaughn, of Sardis, Orville Browning, of Lexington, and Seymour Myall, of Mayslick.

All of Mayslick and community and many of the friends of Dr. B's family from Shannon were present to witness the happy consummation of this love affair. From a distance were Mrs. Jane Wear and Miss Bettie Wear, Kansas City, Mo., grandmother and aunt of the bride, and many relatives and friends from Maysville and other places adjacent.

The Christian Church was beautifully decorated with cut flowers and evergreens, gentle hands, actuated by loving hearts, doing the work artistically. Elder Tindler seemed inspired for the occasion, and well he might; for never a handsomer couple or a more select assembly faced a minister in Mayslick.

Of course, the young couple have the best wishes of all present and of many who were absent, and the prayer went up from every heart, "God be with you 'till we meet again."

Mr. and Mrs. Turner will be at home to friends in Canton, Mo., on and after June 19th.

### Landed On His Nose.

Captain Tom Clay, of Paris, and Colonel Desha, of Harrison County, a brother-in-law of Colonel Breckinridge, were on a Kentucky Central train, bound for Paris. Captain Clay is an ardent supporter of Colonel Owens, while Colonel Desha espouses the cause of his kinsman. The men opened an argument. Captain Clay denounced Colonel Breckinridge, and Colonel Desha took up for the silver-tongued. A fierce fight ensued, and after an exciting round Colonel Desha brought matters to a sudden close by landing on Captain Clay's nose. Friends then separated them.

Holt, in closing the funeral discourse, paid a touching tribute to the deceased, whose lovely christian character had endeared her to all who knew her. Many beautiful floral offerings mark her resting place in the "city of the dead."

# TARIFF AND APPROPRIATIONS.

The Only Two Subjects Discussed by Congress and No Action Taken.

WASHINGTON, June 15.—Some routine business preceded the resumption of the tariff debate in the senate. Bills were passed as follows: To pay Joseph Redford, one of the Ford theater victims, \$2,748; to authorize the appointment of women as public school trustees in the District of Columbia; for the development and encouragement of silk culture in the United States, and to pay the heirs of James Bridger \$6,000.

A bill for the relief of the heirs of John Weightman, passed some time ago, was, on motion of Mr. Quay, considered and re-committed.

Then the tariff bill was taken up and the wool schedule discussed until 6:30, when the senate adjourned.

## In the House.

WASHINGTON, June 15.—Ten minutes after meeting the house went into committee of the whole on the Indian appropriation bill. This measure was discussed until 4:56, when the house adjourned.

## BALCONY FALLS.

One Old Lady Killed and Three Other People Badly Injured.

PHILADELPHIA, June 15.—During the street parade of a summer spectacle last night a section of one of the terra cotta balconies of an office building fell upon the crowd on the sidewalk beneath, crushing the head of Caroline Bender, aged 65. She died in the German hospital about an hour after the accident.

Several others were injured, the most serious being:

Lizzie Hiltner, aged 6, head crushed; will die.

Charles Hiltner, aged 35, arm broken.

Mary Stephens, aged 45, arm broken and badly bruised about the body.

Several others were slightly injured.

## Suit in Jail.

MINNEAPOLIS, June 14.—George M. Van Leuven, the Linn Springs (Ia.) pension agent, languishes in jail at St. Paul, having been unable to secure bail of \$5,000 from his promised bondsman, who failed to come, and he has now been imprisoned a week. It is believed that he will plead guilty of pension frauds at the July term of court, if a light sentence can thus be secured.

## Duelling in Russia.

ST. PETERSBURG, June 14.—An imperial decree has been issued appointing a court of honor, composed of officers to regulate duelling in the army. The court of honor is to decide whether a duel is necessary, and if it decides that an encounter must take place, any officer refusing to accept a challenge will be dismissed. No lawsuits arising out of duels will be permitted.

## Two Drowned.

FESTUS MO., June 14.—George M. Wagner, a physician, and Civil Engineer S. R. Lewis, both attaches of the government engineering corps, have been drowned while in bathing in the Mississippi river. Neither of the bodies have been recovered. The men were attached to the party in charge of the river improvement between Cairo and Alton.

## Commonwealers Captured.

## President Cleveland Takes a Trip.

WASHINGTON, June 15.—President Cleveland has quitted Washington for rest and recuperation from his recent illness. At 7:30 o'clock yesterday evening he stepped into a carriage at the White House in company with Private Secretary Thurber and Dr. O'Reilly, the White House physician, and drove to the steamboat wharves, where the light-house tender Maple was lying. Captain Rabley D. Evans was in waiting and the president, Dr. O'Reilly and Captain Evans boarded the tender, which started promptly down the Potomac. It is the intention of the president to cruise down Chesapeake bay as far, perhaps, as the capes, in order to enjoy the ocean breezes, and the trip is expected to last four or five days.

## Compromise Reached.

ST. LOUIS, June 15.—A compromise was agreed on an hour after midnight by the arbitrators who have since early morning been trying to settle the differences of the trainmen on the St. Louis division of the Mobile and Ohio railroad and their employers over a proposed reduction of 8 per cent in wages. A 4 per cent reduction, to go into effect at once, was agreed upon.

# A CHANCE FOR YOUNG MEN.

County Appointees or Beneficiaries to the Course of Study in the Agricultural and Mechanical College.

Beneficiaries are those persons between the ages of fourteen and twenty-four who are by law selected to represent their respective counties in the Agricultural and Mechanical College.

Beneficiaries receive traveling expenses and are exempted from all charges for tuition, matriculation, room rent in dormitories, fuel and lights, provided they remain at the college one consecutive collegiate year, or ten months.

Beneficiaries are appointed on competitive examination. A Board of Examiners is appointed for this purpose by the Superintendent of Common Schools. Results of examination are reported to the Superintendent, who, from the data thus furnished, selects the appointee. Examinations are made upon subjects transmitted to the County Superintendent by the faculty of the college. One appointment is made each year.

Appointments are made by the County Superintendent between the first day of June and the first day of August of each year. Appointments when made should be immediately certified to the President of the college.

Appointments for the college proper, viz: the Agricultural, Mechanical Engineering, Civil Engineering, Scientific, Classical and Veterinary courses are all valid for the term of years necessary to complete the course of study in which the appointee matriculates. This includes the course in the academy.

An examination for applicants will be held in this city July 6th between the hours 8 a. m. and 4 p. m.

G. W. BLATTERMAN, Superintendent of Public Schools.

## Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there were no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Tlios. Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without results everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottle at J. Jas. Wood's drug store. Regular size 50c. and \$1.

## IN MEMORIAM.

Mrs. Lizzie P. Savage, under an attack of pneumonia, passed away at her residence in Germantown on the 15th day of this month. Mrs. Savage was born in 1817, and was married to Dr. C. Savage in 1836. In early childhood there were marks clearly determining the possibility of a character, which in its development rather surpassed than disappointed the anticipations of the thoughtful observer. She passed through the school period of her life gathering the hearts of her schoolmates and continually rising in the esteem and affection of her educators. A careful analysis of her mature spirit before us an aggregate of charms, and it is not a matter of wonder that she embraced christianity at an early age, and that her life was a reflection of the religion she professed. Her faithful loving companion gave decided evidence that he rightly estimated her while she lived. Her children's hearts she has taken with her, and her brother, Mr. J. R. Burgess, who has been required to give up one by one the family jewels, now stands alone a sufferer from the loss that was once the joy of his life. We can not realize the perfection of a character like that of Mrs. Savage, except in the destiny declared by the Gospel of Christ.

## KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
